

2026 年 9 月吉日

お取引先様各位

株式会社テクニス
代表取締役 望月 博

株式譲渡及び経営体制の変更に関するお知らせ

拝啓　ますますご清栄のことと心よりお慶び申し上げます。
平素は格別のご高配を賜り厚く御礼申し上げます。

さて、弊社は、2026 年 9 月 1 日付で全発行済株式の譲渡を行い、ドイツ 2G Energy グループの一員として新たなスタートを切る事となりましたので、ご報告申し上げます。

今回の株式譲渡に伴い、弊社の商号は 2G エナジージャパンに変更となります。所在地、および電話番号等に変更はございません。これまでどおり、取引関係および業務体制を継続してまいります。

代表取締役の望月博は退任し、今後は顧問として新任の代表取締役を支援してまいります。

社員一同、より一層社業に専心努力いたす所存でございますので、今後とも変わらぬご指導ご鞭撻を賜りますようお願い申し上げます。

敬具

2G Energy AG strengthens presence in Japan through acquisition of Technis Co., Ltd.

Heek, Germany / Tokyo, Japan – August 18, 2026 – 2G Energy AG is pleased to announce the acquisition of Technis Co., Ltd.. With this strategic step, 2G Energy AG is further strengthening its long-term commitment to the Japanese market and expanding its local sales and service capabilities. The acquisition represents an important milestone in 2G Energy's international growth strategy. By integrating its long-standing partner Technis into the 2G Group, the company aims to further enhance customer proximity, improve service quality, and unlock additional growth opportunities in one of Asia's most important energy markets.

Technis Co., Ltd., founded in April 2000 and headquartered in Tokyo, Japan, specializes in energy systems, environmental equipment, and measurement and analysis instruments. Over the past two decades, the company has established itself as a trusted supplier of industrial hardware and technical solutions.

2G Energy and Technis have enjoyed a successful partnership since 2012. As a dedicated sales and service partner, Technis has played a key role in supporting 2G Energy's customers throughout Japan, building strong customer relationships and contributing significantly to 2G Energy's success in the region.

"This acquisition is a natural next step in our long-standing partnership," said Pablo Hofelich, CEO at 2G Energy AG. "By bringing Technis into the 2G Group, we are creating an even stronger local organization that enables us to provide our customers with the highest possible level of service and support. At the same time, we are laying the foundation for further growth in Japan."

"For more than a decade, our partnership with 2G Energy has been built on mutual trust, shared values, and a common commitment to delivering outstanding solutions and service to customers in Japan," said Hiroshi Mochizuki, President of Technis Co., Ltd. "Becoming part of the 2G Group is an exciting new chapter for our company. It enables us to combine our deep understanding of the Japanese market with 2G Energy's innovative technologies, strengthening our ability to support existing customers while expanding our business together in the years ahead."

With the acquisition taking effect on September 1st, 2026, customers and business partners can expect continuity in their existing relationships with Technis Co., Ltd. and 2G Energy alike while benefiting from closer integration, expanded expertise, and enhanced service capabilities. 2G Energy AG looks forward to continuing its successful journey in Japan together with the Technis team and its customers, further contributing to the country's sustainable energy future.

About 2G Energy AG

2G Energy AG is a leading international manufacturer and systems provider of equipment for decentralized energy supply. The company develops, manufactures, and installs comprehensive solutions in the structurally growing market for high-efficiency combined heat and power (CHP) systems, large-scale heat pumps, and peak-load generators. Digital grid integration and system control for these three types of energy generation systems, as well as service and maintenance offerings, are further key performance criteria.

About Technis Co., Ltd.

Technis Co., Ltd. is a Tokyo-based company specializing in energy systems, environmental equipment, and measurement and analysis instruments. Founded in 2000, the company has built more than two decades of experience providing reliable industrial hardware and technical solutions. With a strong focus on quality and technical expertise, Technis has established itself as a trusted partner for businesses seeking innovative and dependable solutions for their energy and environmental needs.
